Judge Lodge granted the State's motion to intervene Yesterday and directed Idaho to file its complaint. I don't think further response is necessary re the motion to intervene. (b) (6)

She will file Idaho's complaint on Monday.

Subject: Wallace Yard and Spur Lines Site

Sarah,

Bob and I understand that Idaho counsel for the railroads filed a response to the State of Idaho's motion to intervene yesterday stating that the railroads had no objection to the motion being granted. Are you planning to file something similar for the US or just state in the motion for entry of the consent decree that the US has no objection to the motion to intervene?

In any event, the railroads would like to expedite entry of the consent decree. The railroads seek to finish the construction work this season. They are about ready to issue the contract for construction but cannot do so until the consent decree is entered.

We would very much appreciate anything that you could do to move the consent decree entry process along. Thanks.
